Husky Tape Co.  
16 Bermill St  
Rockdale N.S.W. 2216

To Whom It May Concern

Pegasus Floats of Montrose Victoria, is a major builder of horse floats and custom built trailers for all types of applications including semi trailers.

Pegasus has built many intricate designed vehicles for well known identities in Australia and overseas, so a very high standard of workmanship is vital.

In the construction of these vehicles we have used the Husky brand Acribond double sided tapes with much success over the years.

We highly recommend this product.

With Regards

John Nicholls
